

# NEON / INFORMATION TECHNOLOGY

# Home Page

Welcome message and a brief description of the restaurant.

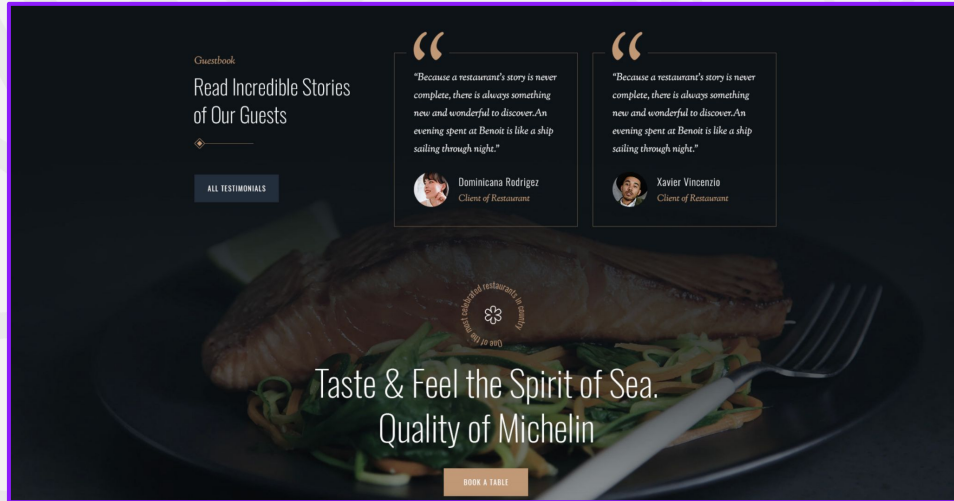

Carousel with colorful images of the best dishes and the restaurant's atmosphere.

Action buttons: "Reserve a Table," "View Menu," "Learn More."

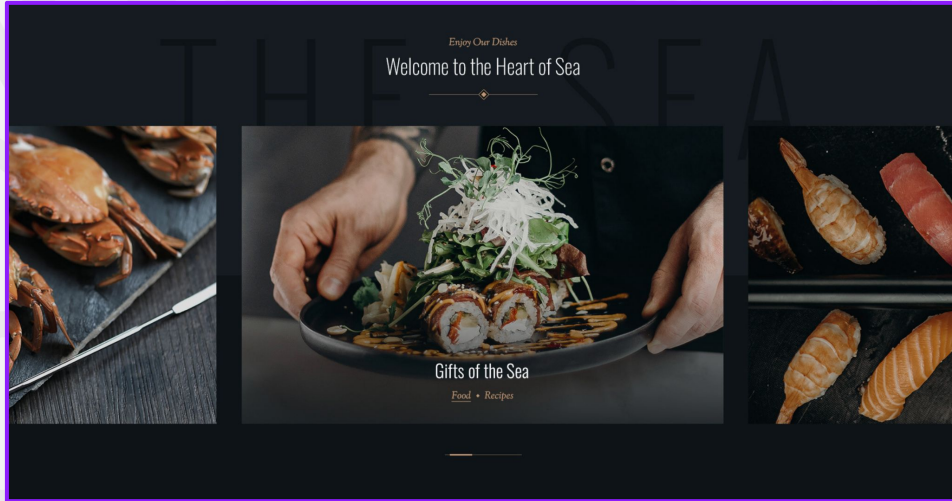

Chef's word section (little description about food and kitchen)

Section with animated autoplay slider with partner logos

Section with customer reviews. This section helps increase user loyalty.

# Menu

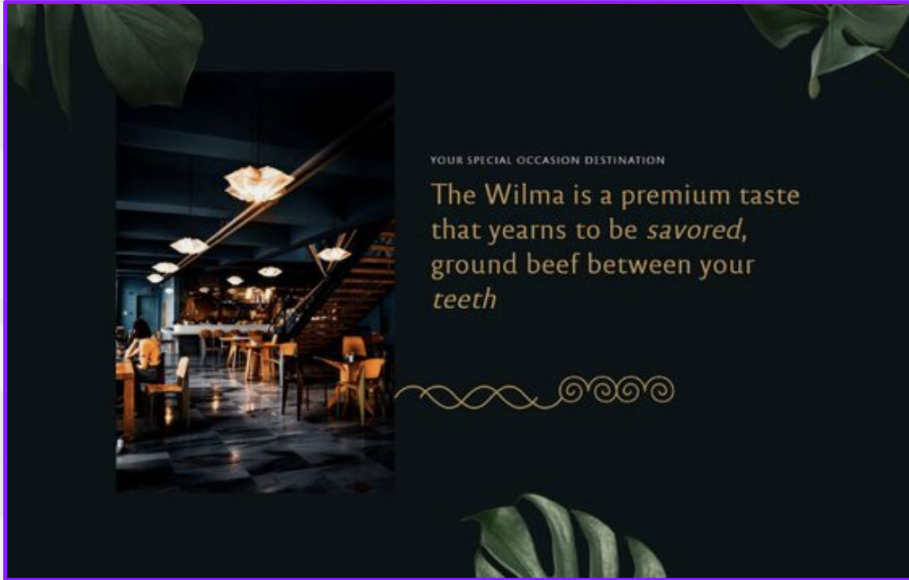

Menu section with slider and images of menu.

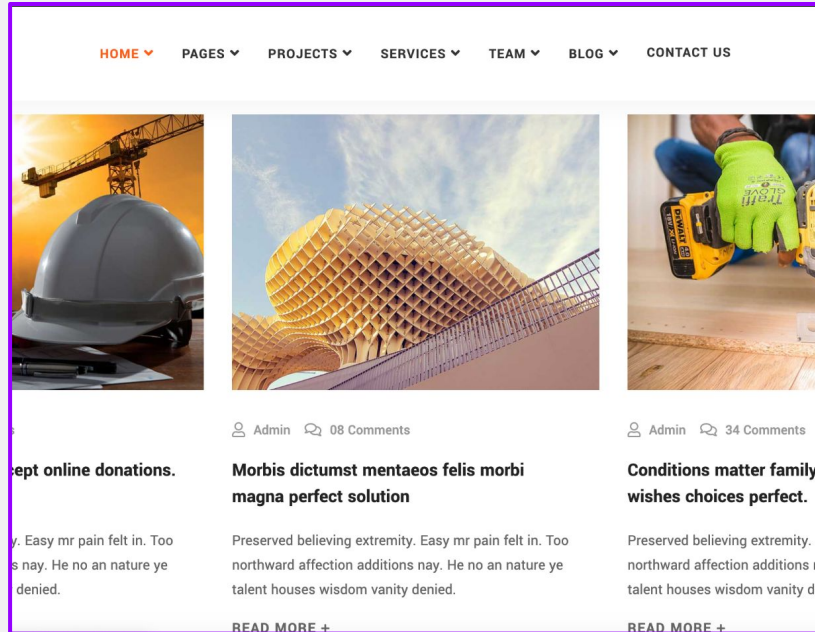

Categorized menu (breakfast, lunch, dinner) with vibrant images of dishes.

Detailed descriptions of dishes, including ingredients and calorie information.

## Gallery

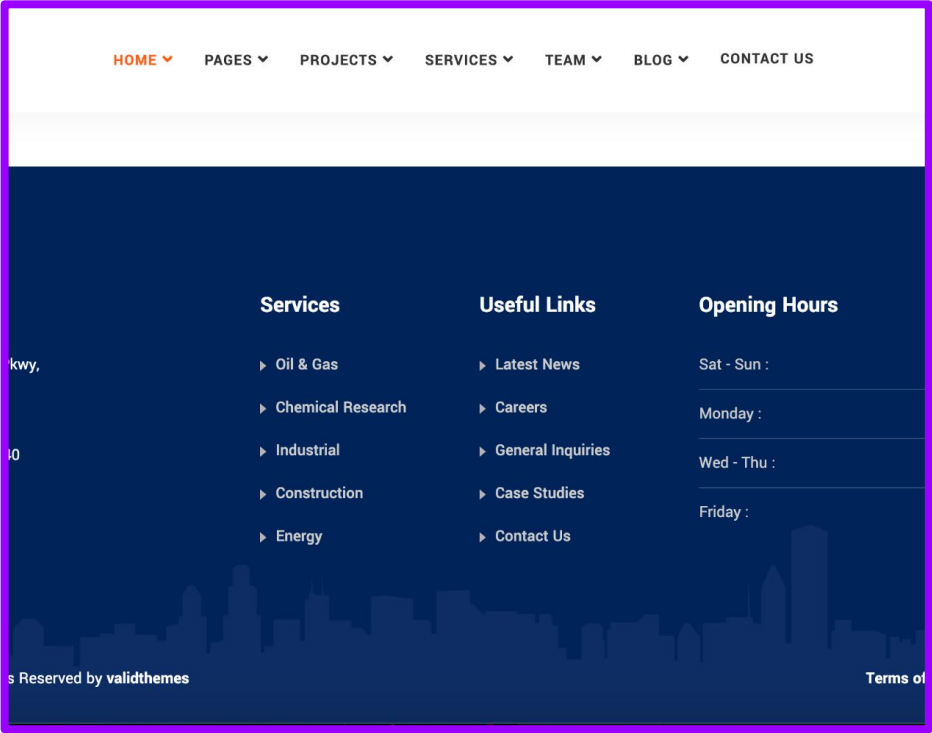

The gallery page is responsible for creating the atmosphere of the interior of the exterior and, in general, for spreading the spirit of the establishment

Blog page's meaning is more technical. Usually we use this page for adding new keywords to the website and increase it ranking in search systems like google, yandex.

# Contacts

Page with an anonymous form for sending messages. + Google Maps API integration, which will allow you to view the location of the business on the site. Also a form of subscription to news about the company. Good for email targeting.
